**Some of our students have now completed Diploma and Advanced Diploma qualifications with us and are fast tracking towards University.**

*"I have 3 x Diplomas with Global Training Institute and am now completing my Advanced Diploma so I can go to University. I now work overseas in Laos and have sessions with my Trainer via skype and emails, and I use the online area for everything. The courses have all been great and it made me confident to apply for higher positions, which I now have. The support from Global is excellent. The supplied materials were very helpful to use for developing my work skills. I am able to use my former experience and evidence in my assessments. I would recommend the training to others 100% - very good school, good Trainers and very helpful staff." **Michael Schroers.***

**Here's what other students have said about completing their Advanced Diploma of Leadership and Management with us...**

***“I felt the training was easy to understand and had plenty of contact to enable me to make informed decision around my assignments. I found I could use the concepts I was learning from the course with my interactions with my team. Areas including developing leadership had a significant impact on my life in terms of personal growth. The support processes were good and I would recommend this course to other managers.”*** Kellie Green

***“The assessment process was great with the assistance of my Trainer. I would certainly recommend it and have done so already. The support was great with regular contact from Global Training with offers of assistance. The leadership module was the most helpful. The opportunity to revisit some of the key leadership principles will mean I can apply this to all areas of life. It has inspired me to continue my learning in this area. This learning will flow through to work.”*** Matt Anglim

***“I found the Management units had the most significant impact on my life as well as helping me develop work skills. The business units have helped me understand more on the commercial side of my organisation. The course provides new skills and also help you understand better the skill you already have. The support processes were overall very good. The RPL process was easy to use. I would recommend this training to others as it is very informative, especially for Project Managers.”*** James O’Brien
